

Ideal Jacobs provides a variety of labels and nameplates with highest level of quality and superior standard of customized support. Besides the certification of ISO9001, ISO14001, ISO18001 and TS 16949, some of the products are also approved by UL and CSA.

Through constant investment and research, Ideal Jacobs has successfully developed new adhesive products and established its own manufacturing techniques to fulfill various types of identification requirements. The extensive printing capabilities also enable us to provide customers with a wide range of identification and labeling solutions.

“Ideal product, ideal speed, complexity is our specialty”. Ideal Jacobs welcomes any difficult jobs in the aspect of techniques, lead time and order quantity. High mix low volume and short runs have also never been and will never be a problem to us.
